

A horizontal bar chart titled 'Satellites' showing the number of satellites in different stages of development. The y-axis lists the stages: Heritage, Operational, Developing, and Preparing. The x-axis represents the number of satellites, ranging from 0 to 80. The bars are colored: Heritage (dark blue), Operational (light blue), Developing (medium blue), and Preparing (dark blue). The total number of satellites is 77.

Category	Count
Heritage	08
Operational	16
Developing	35
Preparing	18
Total	77

Operational **16**
Developing **35**
Preparing **18**
Total **77**
